**Learn What You Do Not Know  
about Advance Care Planning**

**90%** of Americans say that it's important to talk  
about their end-of-life care wishes

*Yet fewer than*

**30%** have had those conversations

- Learn where to start these conversations with your children, your parents, or the most important people in your life, and your doctors. Understand what the documents are that you need and how to use them.
- Receive resources to review at home with family/friends. Understand how to pick the right people to speak for you when you cannot speak for yourself due to a health crisis.
- Review and understand why updating your documents with loved ones and your health care professionals is vital as life situations change.
